Next review:	[July 2026] - academies should review the personalisation annually.
Date Agreed by LGB	24/11/2023

Policy Statement

Cleeve Park will undertake to ensure compliance with the relevant legislation with regard to the provision of first aid for all employees and to ensure best practice by extending the arrangements as far as is reasonably practicable to children and others who may also be affected by our activities.

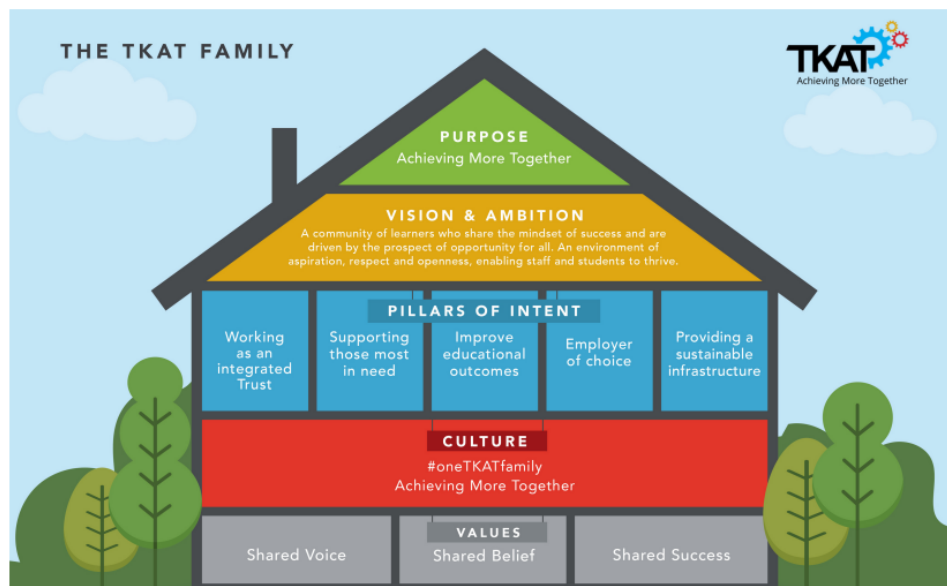

Responsibility for coordinating first aid activities at Cleeve Park is appointed to Becky Downey by the executive head teacher Alex O'Donnell.

All staff have a statutory obligation to follow and co-operate with the requirements of this policy.

Vision and Values

The Kemnal Academies Trust (TKAT) aims to foster a culture of the highest professional standards in line with the Trust's purpose, vision and values.

TKAT - OUR STRATEGY

Aims & Objectives

Our first aid policy requirements will be achieved by:

- Carrying out a First Aid Needs Assessment to determine the first aid provision requirements for our premises during typical operation
 - One-off events, unusual circumstances and educational visits will need to consider first aid provision separately
- Ensuring that there are a sufficient number of trained first aiders on duty and available for the numbers and risks on the premises in accordance with the First Aid Needs

- Assessment
- Ensuring that there are suitable and sufficient facilities and equipment available to administer first aid in accordance with the First Aid Needs Assessment
- Ensuring the above provisions are clear and shared with all who may require them

First Aid Training

The responsible manager will ensure that appropriate numbers of qualified first aiders, appointed persons and paediatric trained staff (if appropriate) are nominated as identified by completion of the First Aid Needs Assessment and that they are adequately trained to meet their statutory duties to students, staff and foreseeable visitors.

Qualified First Aid Staff

Details of appointed first aid personnel are posted around the school at a number of locations and also available at the Main Office.

They will be responsible for administering first aid, in accordance with their training, to those that become injured or fall ill whilst at work or on the premises.

First Aid Provision

Provision

Our First Aid Needs Assessment has identified the following first aid kit requirements, these are outside the kit and stock readily available in the Main Office:

These first aid kits are situated:

Main Kitchen x3
 Main Hall x1
 Main Cleaners Cupboard Outside Main Hall x1
 Admin Corridor Outside Main Office x1 (including defibrillator)
 Maintenance Office x1
 A5 Science Lab x2 (temporarily moved due portacabin as A5/A6 not currently in use)
 A5/A6 Wood Technicians Room x 1
 A7 Science Prep Room x1
 Science Prep Room between A8 & A10 x1
 B Corridor Prep Room between B1 & B2
 C3 Design & Technology x1
 C4 Food Technology x1
 C5 Food Technology x1
 C6 Textiles x1
 E6 (cupboard behind HOD desk)
 Evergreen SEN Office x1
 PE Office x1
 Sixth Form Centre x1
 Site Team
 Main Sports Hall corridor outside E4 (defibrillator)

MDS are responsible for reviewing first aid kit contents on a 6 weekly basis. Each first aid kit includes an expected contents list and replenished accordingly.

Seating area next to the Main Office is designated as the first aid room for treatment, sickness and the administering of first aid. The first aid room will have the following facilities:

- running water
- first aid kit
- Telephone
- Chair

Incident Arrangements

Upon being summoned in the event of an incident, the first aider/appointed person is to take charge of the first aid administration/emergency treatment commensurate with their training. Following their assessment of the injured person, they are to administer appropriate first aid and make a balanced judgement as to whether there is a requirement to call an ambulance.

The first aider/appointed person is to always call an ambulance on the following occasions:

- In the event of a serious injury
- In the event of any significant head injury
- In the event of a period of unconsciousness
- Whenever there is the possibility of a fracture or where this is suspected
- Whenever the first aider is unsure of the severity of the injuries
- Whenever the first aider is unsure of the correct treatment

In the event of an accident involving a child, where appropriate, it is our policy to always notify parents of their child's accident if it:

- is considered to be a serious (or more than minor) injury
- requires first aid treatment
- requires attendance at hospital
- receives a head injury (bump on head)

Our procedure for notifying parents will be by telephone.

In the event that parents can not be contacted and a message has been left, our policy will be to continue to attempt to make contact with the parents every hour. In the interim, we will ensure that the qualified first aider, appointed person or another member of staff remains with the child until the parents can be contacted and arrive (as required).

In the event that the child requires hospital treatment and the parents can not be contacted prior to attendance, the qualified first aider/appointed person/another member of staff will accompany the child to hospital and remain with them until the parents can be contacted and arrive at the hospital.

In the event of a head injury (bump on head) no matter how minor the incident is, it is the responsibility of the first aider to ring the parent/carer as they are in a position to answer any questions about how the incident happened, whether the student should be collected etc. If a student claims to be "dizzy but fine to walk home" it is the parent's/carer's decision and the school will make it clear that they are not accountable for anything which happens if the parent/carer chooses not to arrange a collection.

Records

All incidents requiring first aider attention are to be recorded with (at least) the following information:

- Name of person
- Name of the qualified first aider/appointed person
- Date and time of the incident
- Location of incident
- Type of incident (eg. bump on head etc)
- Action taken, including any first aid treatment

This record may take any form, including paper or digital records, or entry on the Every platform.

In instances where an injury has occurred and the cause is 'work-related' the incident must be entered onto the Every platform if it has not already been recorded.

Any incident resulting in an injury that must be notified to the HSE under The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations, or where it is suspected that reporting might be necessary, must be notified to the Trust Health and Safety Lead.
